Knockout comp

The knockout comp runs concurrently with the tipping comp. No extra points are given to the overall tipping comp from the knockout tips. Each week tipsters will need to nominate one winning team that they think will win each week (Tipsters cannot pick the same Team in two consecutive weeks... note this rule doesn't apply to Finals).

If the team they select wins, they progress to the next week. If the team they select loses or the match ends in a draw or the match is postponed to another round, tipsters will be knocked out (Note: this will not knock them out of the overall tipping comp - it only affects the knockout comp).

The knockout comp is a bonus game of skill for tipsters and commences in round 1.

If the last remaining tipsters in a knockout comp are all knocked out in the same round they will be automatically reinstated to continue until a knockout comp winner is found.

If for whatever reason the game tipsters have selected as their knockout tip is rescheduled to a later tipping round their knockout tip will be removed from the current round. This may result in tipsters being knocked out if they were unable to make another knockout tip selection before the round cut-off. It will be up to each comp manager if they wish to reinstate tipsters.

To the extent permitted at law, you release and discharge the Promoter and its directors, employees, representatives and agents from any and all actions, claims, proceedings, damages, costs and expenses arising out of or in connection with the Promotion and/or the prizes.
